

CALL FOR PAPERS

Dear colleagues,

We would like to invite you to the 9th international scientific conference for PhD students and young researchers. This year's title is ***Tradition and Innovation in Translation Studies Research IX: Translation through Time***. The conference will be held on **10th February 2021** at the Faculty of Arts, Constantine the Philosopher University in Nitra. Regarding the ongoing pandemic situation and unclear future in relation to the restrictions in the world, we decided to organize the conference **online**. We are also happy to announce that this year we will have a keynote speaker, an inspirational **prof. uc. dr hab. Agnieszka Szarkowska**.

The aim of the conference is, just as every year, to provide an opportunity for the participants to present their research from various fields of their scientific interests within translation studies. As this year's main topic, **Translation through Time**, reflects the time span of development in translation studies, we will focus on topics from across the entire range of translation studies - from didactics of translation (and interpretation), through history and translation criticism, non-literary translation and terminology, to (as is now tradition in Nitra) audiovisual translation – in the course of the time.

Organiser: Faculty of Arts, Constantine the Philosopher University in Nitra, Štefánikova 67, 949 74 Nitra.

Participation fee: 40 EUR
